

Welcome to South Pennine Community Transport

This leaflet provides you with information about our community bus services, which are available for everyone to use.

Our services operate amongst some of the finest scenery in the north of England, while the places we serve are both beautiful and fascinating.

We are happy to provide important local links and fantastic leisure opportunities for residents and visitors alike.

Using Our Bus Services

Our services are very easy to use and our friendly drivers will always help you if you need it. We stop at all regular bus stops. Some routes operate hail and ride in places. Please signal clearly to the driver to stop.

Some of our buses have a manual door to enter - the driver will operate this for you, both when you board and when you alight. When you want to get off the bus, please just let the driver know.

Some sections of route are served on an 'on-demand' basis. These sections are indicated below your timetable. To book a journey to or from any of these places please call 0759 385 2259 or speak to your driver.
