

Welcome to South Pennine Community Transport

Our friendly and helpful team of drivers are ready to welcome you aboard! Our bus services are for everyone to use and work in a similar way to regular buses. We stop at all normal bus stops except where limited stop conditions apply. Some services operate on a 'hail and ride' basis on some sections of route. Our little buses are a bit different with a manual door to enter and exit. You are welcome to operate this yourself or your driver will assist, it's entirely up to you. Your driver will also willingly assist with shopping and luggage as you board and alight.

Our bus services are designed with you in mind and we hope to see you on board soon.
